

IRIS

helping families thrive through connected communities

IRIS is a web-based, coordinated intake and referral communication tool that helps organizations connect the families they serve to the right resources in their community.

LINK

service agencies and organizations within a community to each other

COMMUNICATE

through common intake forms and standardized protocols

STREAMLINE

intake, referral, and service acceptance among partners

CONNECT

families to the right services to meet their needs

IRIS HELPS COORDINATE SERVICES FOR FAMILIES

IRIS links service agencies and organizations within a community to each other, streamlining referrals and facilitating warm handoffs.

IRIS improves communication between partners, enabling more families to successfully connect to the services that match their needs.

IRIS empowers and encourages community partners to seek and see the difference they are making in the lives of the children, youth, and families they serve.

IRIS IN OUR COMMUNITY
